What's Happening in SWE?

- Going through the recruitment process for jobs and internships? Get a **great LinkedIn headshot** and learn how to maximize your LinkedIn account with SWE! Sept 17th from 3-4:30 PM in Brookings Quad.
- Interested in working at **Google** or **Microsoft**? We have events with both coming up. Get tips on the interview process and learn about their company environments.
- We are raffling off a **FREE Kaplan course** (can be MCAT, GRE, LSAT, etc.) to our members! Buy tickets for \$5 each at any of our September events.

The KPCB Fellows Program

Kleiner Perkins, a world-leading venture capital firm in Silicon Valley, is now accepting applications for the 2018 KPCB Engineering Fellows Program.

This is a career-defining opportunity for students who are interested in pursuing high technology, design, entrepreneurship, and start-ups. Students are matched to companies for summer experiences and gain exclusive access to great events and programming.

To learn more/apply: <http://www.kpcbfellows.com>
Applications close September 30th.

Member Spotlight

Saron Belay

Saron Belay is a senior studying computer science from Nashville, TN. She is the president of WiCS (Women in Computer Science), and a member of SWE and NSBE. Saron has interned in the bioinformatics department of the National Institute of Health and the software development

department of AT&T. For the 2017 Grace Hopper Conference, Saron was awarded the prestigious Microsoft scholarship for her excellence in academics. Congratulations on this award, Saron!

Apply to Abbott

Abbott is a **leading company** in the medical devices industry, with a long standing history in helping people live life to the fullest.

Abbott Internship Virtual Information Session Dates:

- September 14th 3:15-4:15 CST**
- October 18th 3:15 - 4:15 CST

**Highly recommended to attend the 1st session

To register for the Virtual Session you MUST:

1. Email University Relations at university.relations@abbott.com with your cover letter, detailing your interest and fit, along with your resume
2. Find out more about Abbott careers at <http://www.abbott.com/careers.html>

Email swe.wustl@gmail.com for more info.

Learn More About D.E. Shaw

Our culture combines some of the best aspects of academia, finance, and technology—past interns have compared us to a top academic department, and students in Society of Women Engineers may find a role here similarly intellectually stimulating and rewarding. <https://www.deshaw.com/recruit/jobs/OC/EB/WashU>

Dynamic Surgical Intern Jobs

Calling all **Mechanical** or **Material Engineers**! At Dynamic Surgical, we are building morphable tools that improve the safety, efficacy, and comfort of minimally invasive procedure so that they may be performed in the office, instead of the operating room. Email swe.wustl@gmail.com for more info.
