Learn About Women with McKinsey

KEY DATES

- 10/18 5:30 PM: What Tests Can You Take?
- 10/15-10/22: Some prep events for National Conference Women
- 10/26-10/28: SWE National Conference in Austin, TX

What’s Happening in SWE?

- We are raffling off a FREE Kaplan course (can be MCAT, GRE, LSAT, etc.) to our members! Buy tickets for $5 each at any of our events.
- Come learn about all the tests you can take! On October 18th, Professor Bob Becnel and a Kaplan representative will be discussing the engineering licensure exam, MCAT, LSAT, GRE, and more! Food will be provided.
- SWE National Conference is coming up Oct. 26-28. We are super excited to be sending 15 students from WashU!

Apply to Green Corps

The planet needs all the help it can get. To build a strong foundation for lasting progress, we need people who know how to organize: to run groups and campaigns that will inspire the support and action we need to save our planet.

The 1 year program has classroom training and gives hands-on experience working with groups like Corporate Accountability International, The Wilderness Society and Mighty Earth to fight climate change, protect public lands, and reform our food system. http://www.greencorps.org/apply.html

Member Spotlight

Sara McCutcheon
Sara is a junior studying biomedical engineering. Not only is she a stellar student, but also a varsity athlete on WashU’s Track and Field team. In addition, Sara participates in Kappa Delta, OWN IT, Bear Cubs, leads Chem PLTL, and is a member of SWE exec board. This past summer she interned at Celgene assisting with clinical trials for pediatric oncology. After college, Sara hopes to be working at a pharmaceutical or biotech company immunology or oncology. Good luck with your goals, Sara! We know you will reach them 😊

Apply to Venture for America

VFA is a 2 year fellowship program for grads who want to work at a startup and create jobs in US cities. Fellows attend a training camp, apply for jobs within a vetted company network, and work 2 years as full-time, salaried employee. DEADLINE IS TONIGHT: https://ventureforamerica.org/how-to-apply/

Intern at Less Annoying CRM

Less Annoying CRM is a tech startup located in St. Louis, created by two WashU grads with a passion for improving existing CRM. CRM (customer relationship manager) is a software tool that helps businesses store, organize, and act on all the information about their customers.

Coding Fellowship
A select few women are invited to learn code and join this company for the summer. The developers at Less Annoying CRM work with the students to teach them basic coding concepts. Each fellow spends the summer building their own personal website. Ideal candidates are sophomores or juniors in a non-technical major, but there is flexibility. Check out the fellowship page for more information! https://www.lessannoyingcrm.com/Fellowship/

Software Developer Internship
A more traditional internship experience for rising seniors with strong computer science backgrounds. The student will get to come in and work with the development team on improving the company’s product. For more information about this internship: https://www.lessannoyingcrm.com/Careers/
